In a recent study, it was found that this terrestrial orchid hosts the vibrant Nilgiri Tit Butterfly (*Hypolycaena nilgirica*). Its starch-rich tubers are valued in traditional medicine for their therapeutic properties.

Unusual Flowers of Tamil Nadu

SharonPly proudly presents a unique calendar series, **Unusual Wild Flowers of Tamil Nadu**, celebrating the rare and mesmerizing flora of this vibrant region. Featuring twelve stunning photographs, this collection offers a glimpse into the rich bio-diversity of Tamil Nadu's forests, showcasing flowers with extraordinary shapes, colors, and characteristics that most of us wouldn't have seen. Some of these species, long hidden in remote wildernesses, have only recently been rediscovered, underscoring their rarity and ecological importance. Through this initiative, SharonPly seeks to raise awareness of **Tamil Nadu's botanical treasures** and inspire collective efforts to preserve these delicate wonders for future generations. This calendar is a humble tribute to the countless, often unseen, blooms that adorn Tamil Nadu's landscape.

SharonPly extends its heartfelt gratitude to **Ms. Paulmathi** and **Mr. Vinod** of the **Kanniyakumari Nature Foundation**, whose dedication to documenting and conserving wildflowers made this project possible. All photographs in the series are their incredible contributions, reflecting years of their exploration and study.

As a leader in sustainable practices, **SharonPly** has consistently championed environmental protection through several green initiatives such as **planting thousands of saplings** and installing **reverse vending machines** for plastic recycling. This calendar continues our commitment to environmental stewardship, blending art with advocacy. We invite you to celebrate this glimpse of Tamil Nadu's **botanical wealth**, and we welcome your thoughts and suggestions. You could also request **additional calendars** for those who would cherish them by contacting us through **WhatsApp** at **+91 89255 11414** or email us at **help@sharonply.com**. Together, let us honour and protect the natural heritage of Tamil Nadu.
